Ex. 4 - CBI

Thanks SUddha,

to all....I have begun working on my ppt presentation to Region 5 OSCs in March. Stay tuned...I will be requesting your help when the need arises.

Subject: RE: Dimock Distances

Hi: **Ex. 4 - CBI**

As requested, please find the attachments with the distances to the 4 wells identified below. Also, please note that there are two worksheets in this excel file. The first worksheet contains the distances to each of the 4 wells, while the second identifies the closest well and the associated distance.

Please let me know if you need any additional information.

Thanks,

Suddha Graves

Subject: Dimock Distances

Hi Suddha,

Using the distance information that you were able to obtain for us before, we had put together the attached graphs. We were looking to see if we can get some more data from you. Last time you had give us which was the closest gas well to each of the residential wells. Is it possible to get distances from the residential wells to each of the following wells: G Shield 4H SE OG Well, Gesford 7H NW OG Well, Baker 3 OG Well, and the Costello 1 OG Well. We were then looking for the distance of the residential well to the closest to each of the above four wells. (So a total of five distances.) Please let me know if this doesn t make sense.

Hope all is well.
